

PRESS RELEASE

DISCE Final Event

03.03.2022

A call for more inclusive Creative Economies

On **Thursday March 3rd, in Brussels, Belgium** there will be a Final Event in the context of the research project **DISCE - *Developing Inclusive and Sustainable Creative Economies***. On this occasion, the researchers and project leaders of DISCE, a project funded by the European Commission under the **Horizon 2020 Programme**, will present outputs and engage in policy discussions around the implications of the results.

The DISCE project, which ends in June 2022, focuses on reassessing the role of CCIs as contributors to growth, quality employment, competitiveness, and to the attractiveness and social cohesion of cities and regions across the EU. The theme of the final event is “**A call for more inclusive Creative Economies**”.

The Final event will take place **from 14:00 – 17:30 CEST** as a **hybrid event**.

The panelists will be gathered in the Aloft Hotel, located in Pl. Jean Rey, 1040 Brussels, and the panels will be broadcast online for the wider Creative Economies stakeholders to engage with.

The event will be [livestreamed](#) and available via DISCE online channels.

Project Framework

The DISCE project started in January 2019 and has run for a period of 3 years, with an extension for an additional 6 months. Its lead coordinator is the Department of Management and Entrepreneurship within the Turku School of Economics (TSE) of the University of Turku (UTU) from Finland. The other research members of the consortium are the King's College London (KCL) from the United Kingdom, the Gran Sasso Science Institute (GSSI) from Italy, and the Stockholm School of Economics (SSE) in Riga, Latvia. The consortium is completed with a Belgian based non-profit consultancy Culture and Media Agency Europe aisbl (CUMEDIAE) and the European network of non-governmental cultural centres based in Sweden Trans Europe Halles (TEH), who together assumed both the communications and stakeholder engagement within the Cultural and Creative Industries. More information on the project can be found on the project's website www.disce.eu.
